## How do our members feel about Kiwanis?

*“One person helping one child makes a difference; an entire club – 60,70 even 80 persons – helping many children makes a huge difference. I’m a Kiwanian because there is strength and success when people come together for a common purpose to make life better here and around the world.”*

*Former Mayor Sharon Goldsworthy, City of Germantown*

*“The Kiwanis mission of supporting our children and our communities is why I have been a Kiwanis member since 2005. Nothing is more important than that individual community focus. I appreciate and support our Germantown Kiwanis and encourage others to do so.”*

*Mark White, Tennessee State Representative*

*“I have been a member since 1973 and really enjoy the fellowship and opportunity to support a great and legendary Germantown Service Club. The meetings are informative and invigorating!”*

*Dick Like, President of Crye-Leike Realtors*

*“I am glad to have been a Kiwanian for the last ten years. It is a wonderful opportunity to serve our community and improve the world one child at a time. We do this enjoying great fellowship while learning more about our community, its leaders, organization and opportunities”.*

*Mary Wagner, Circuit Court Judge*

*“Kiwanis, to me, means the chance to give my time to the community to benefit children so that they can make this a better world for their future”.*

*Steve Veasart, Owner Veasart Financial – Retired*

*“Joining Germantown Kiwanis 30 years ago, was one of my best decisions. So many good things have come from being associated with Kiwanis members and our schools. My world of friends and involvement in my community increased overnight. I feel that I have been given a chance to make a positive difference in children’s lives and my community.”*

*Don Eye, former club president*
